

D-2929 CON

In the Claims

Cancel claims 10 to 16, without prejudice.

Amend claims 1 and 17 as follows:

1. (Amended) A method of treating a patient suffering from a neuromuscular disorder or condition, said method comprising administering simultaneously to the patient a therapeutically effective amount of at least two neurotoxins selected from a group consisting of botulinum toxin types A, B, C, D, E, F and G, an amount of each selected neurotoxin being selected to control a duration of therapeutic activity of the administered neurotoxins.

17. (Amended) A composition suitable for treating a patient suffering from a neuromuscular disorder or condition, said composition comprising a therapeutically effective amount of at least two neurotoxins selected from a group consisting of botulinum toxin types A, B, C, D, E, F and G, an amount of each selected neurotoxin being selected to control a duration of therapeutic activity of the neurotoxins.

Add new claim as follows:

26. (New) A composition suitable for treating a patient suffering from a neuromuscular disorder or condition, said composition comprising a therapeutically effective amount of at least two neurotoxins selected from a group consisting of botulinum toxin types A, B, C, D, E, F and derivative of G, an
